COMMISSIONER TRAINING AND CONTINUING	)	
EDUCATION CREDIT	)	

ORDER

Kentucky Rural Water Association (“KRWA”) has applied for accreditation and approval of three regional meetings during the month of July 2017. These training sessions are to be held in Morehead on July 11, 2017, Hawesville on July 13, 2017, and Draffenville on July 20, 2017. Each regional meeting offers attendees a total of two credit hours. These meetings will provide useful information to water district commissioners to help them better perform in their roles as utility professionals and to enhance operations at their facilities.

This Commission is required to “encourage and promote the offering of high quality water district management training programs that enhance a water district commissioner’s understanding of his or her responsibilities and duties.”<sup>1</sup> Having reviewed KRWA’s application, the Commission finds that the presentations at each training meeting will enhance a water district commissioner’s understanding of his or her responsibilities and duties, and should be accredited for two credit hours of water district management training.
